**Docket No. 50-443**  
**SBK-L-04090**

United States Nuclear Regulatory Commission  
Attention: Document Control Desk  
Washington, D.C. 20555-0001

**Seabrook Station**  
**Confirmation of Implementation of Orders EA-03-039 and EA-03-086**

The NRC issued Orders dated April 29, 2003: EA-03-038, Order for Compensatory Measures Related to Fitness-For-Duty Enhancements Applicable to Nuclear Facility Security Force Personnel; EA-03-039, Order for Compensatory Measures Related to Training Enhancements on Tactical and Firearms Proficiency and Physical Fitness Applicable to Armed Nuclear Power Plant Security Force Personnel; and EA-03-086, Order Requiring Compliance with Revised Design Basis Threat (collectively referred to as "Orders") for Seabrook Station. In addition to other requirements, the Orders required nuclear power plant licensees to revise their physical security plans, safeguards contingency plans, and security force training and qualification plans; submit those plans to the NRC for approval by April 29, 2004; and complete implementation of those plans by October 29, 2004, unless a request for a schedule extension for one or more elements of those plans was approved by the NRC.

On April 28, 2004, FPL Energy Seabrook, LLC filed a Supplemental Response to Order EA-03-086 that contained the Physical Security Plan, the Contingency Plan, and the Training and Qualification Plan as required by Order EA-03-086 for Seabrook Station. Section III.C. of Order EA-03-086 required FPL Energy Seabrook, LLC to advise the NRC when implementation of the NRC approved physical security plans, safeguards contingency plans, and general training and qualification plans has been accomplished. Section III.C.2. of Order EA-03-39 required FPL Energy Seabrook LLC to advise the NRC when full compliance with the requirements in Attachment 2 to that Order has been achieved.

FPL Energy Seabrook, LLC hereby certifies that conditions of Order EA-03-086 as amended through October 29, 2004, have been met contingent on NRC review and approval of the Physical Security Plan, the Contingency Plan, and the Training and Qualification Plan.

FPL Energy Seabrook, LLC hereby certifies that conditions of Order EA-03-039 have been met.

Should you have any questions regarding this report, please contact James M. Peschel, Regulatory Programs Manager, at (603) 773-7194.

Very truly yours,

FPL Energy Seabrook, LLC
